Tentsnology Goup Co.,Limited

(2007-2008)

INSTRUCTION

TENTSNOLOGY Tent&House Co.,Ltd was established in 1985.Our company is the first professional manufacture who introduced European advanced Tents technology into our own design selling,Our mainly products are modular nuit combination aluminum structure movable tents and aluminum alloy square Pagoda and Summer Gozebo.

TENTSNOLOGY had passed identified by IOS 9001:2000 Quality systems,and also passed the authentication whichquthen ticates by German RHine TUV

Tent Description :

Main body frame of the tent introduces special high tension hollow aluminum alloy & steel structure bridge pieces. The adjustable base could tackle the problems due to the out-of-flatness of the ground. Also, the tent adopts imported PVC tent fabric as the ceiling and side wall fabric. This tent fabric features good tensile strength, rainproof, light-tight and ultraviolet resistance. Fireproof level thereof is subject to the State GB 8624-5.2 B2 Standard. Also, high frequency welding technology is adopted. The tent wind resistance capability: as calculated via design wind pressure of 0.56 kN / m² and wind velocity of 30 m/s, 80—100 km /h is achieved. The tent features high structural strength, compactness, convenient storage and flexible removal & mounting. Currently, 260 series and 400 series tent, including more than 18 specifications are available. The clients could choose the needed specifications thereof based on the ground conditions and usage, so as to put up the tent quickly. Also, the custom-made tent could be put up as required, so as to provide you with a total solution.

TENTS Classified into 3m,4.5m,6m,10m,12m,15m,18m,20m,21m,25m,30m,35m and more big span. The length can be adjustable to customers' option.Because of the rich storage resources,reliable quality, security character,exquisite appearance and supper service our products have been selling to home and abroad for almost 20 years.During past 20 years we have successfully taken part in the CARTON FAIR, SHANGHAI NEW INTERNATION EXHIBITION,FASHION SHOW,CAR FESTIVAL etc.

"Quality first,the courage to forge ahead,forge ahead and innovate" is the eternal quest and our company people also were unchanged convictions.

Excellent quality,perfect thoughtful service is to maintain the leading foundation!
